Facilitator, Gray Stevens, opened the meeting at 6:00 PM.

1. Julie Bergman, Hancock Pre-K through High School Principal, reported the following:
  - A. A joint Committee was established and met (11/18) to review the Deposit Coaches Handbook, Hancock has no comparable document. Updates to Deposit handbook were noted. A second meeting was held (12/16) and the document was refined. A first draft is being reviewed by each district.
  - B. The joint Committee began review/comparison of the Athletic Code of Conduct from each district (12/16). Legal analysis of the each districts Athletic Handbook and Student Handbook rendered letters of advice and direction with the intent of ensuring that the Student Handbooks and Athletic Handbooks are in sync and do not create any inconsistencies. This updating and merging of the Athletic Handbooks will continue at the next Committee meeting.
2. Superintendents Terry Dougherty and Denise Cook reported that:
  - A. An image representing the Eagle Mascot is being worked on. When the final image is agreed upon an unveiling will be planned at a culminating event.
  - B. The search for a replica Erie bell continues. Such a bell had been found, but the owners had second thoughts about parting with it, so we continue to seek a bell.
3. Dates for the end of year “Culminating Meetings” in May and June will be set as we near the Spring.
