

Guiding Eyes visits Hancock

Thanks to Ashley and her dog, Sander, for stopping by the Hancock Central School District on October 18 to take part in Hancock Elementary School's Morning Program!

The duo spearheaded a presentation on Guiding Eyes for the Blind, which works to enrich the lives of the blind and visually impaired by providing them with superbly bred and expertly trained guide dogs.

In addition to breeding, raising and training guide dogs, Guiding Eyes trains students to work with guide dogs that have been carefully selected to match their individual needs.

Training programs and life-long follow-up support are completely free of charge thanks to the generous support of individuals, corporations, foundations, and organizations.

For more information, visit the Guiding Eyes website at www.guidingeyes.org.
